

January 2022

Friend of MEHS,

The last two years for the Metro East Humane Society have been a whirlwind, much like the rest of the world. While in person fundraising events have been cancelled since early 2020, we've learned that our services are needed now more than ever. MEHS has continued to work tirelessly through the pandemic to save as many animals as possible, **intaking over 1,650 animals in 2021**. This would not be possible without your continued support, and we are so thankful!

In early 2020, MEHS acquired both the Riverbend Pet Food Pantry and Highland Animal Shelter, immediately followed by having to close our doors to the public due to COVID-19. We have continued to provide resources for as many pets as we safely can; in 2021 more than **36,000 lbs. of pet food were provided to 101 families free of charge** through our Riverbend Pet Food Pantry, **1,760 pets received low-cost veterinary services** through our public spay/neuter surgeries and vaccine & microchip clinics, and **577 community cats were helped** through our trap-neuter-return and working cat programs.

As a no-kill shelter we know that we can only help animals we have space for. With that in mind our second facility, **MEHS Highland, opened to the public in April 2021**. Renovations to our Highland facility have been completed, and we are currently under construction to expand the medical suite at our MEHS Edwardsville facility to offer additional veterinary services.

Included here you will find information on how you can support the work MEHS is doing in 2022. Please take a look at the information provided and consider partnering with us to save the lives of local animals. Sponsors receive recognition to our 25,000+ social media followers and 6,000+ person email list.

We hope you will join us in being part of animal welfare in the Metro East!

## DID YOU KNOW?

Our MEHS Edwardsville facility is located directly next door to Madison County Animal Care & Control. This allows us to work closely together to improve animal welfare in Madison County. While our partnership has been influential in moving Madison County to no kill status, MEHS receives no financial support through taxes or government funding. We are supported solely through the generosity and contributions of the community.
